A message from Stephen, Chair of Trustees

AKA Mr Custard!

When we get together as trustees and look at the financial demands on the charity we sometimes fret over how we will get the money to help all the people we want to do. The fact is that there are loads of things on our "to do list" and never quite enough money. The charity sector is feeling the pinch and in a society that has become very familiar with the word 'austerity' even Candlelighters has to go through our expenditure with a fine tooth comb and work out what is necessary and what isn't. Having recently reviewed the draft accounts for last year, it is clear that the charity has just had its best financial year ever - something which we are very grateful for, but without every pound donated by you we would be lost!

I want to thank you for every gift, every donation, every legacy, every grant, the support of every business, family and child - we are doing more than ever and want to increase that next year. Whichever method you use to raise money for us, whether it be traditional, sporty or plain wacky - thank you and keep it up!

Speaking of the wacky, I usually introduce myself as "Stephen" but recently I have been called "Mr Custard" by a wide number of people - from some of our children fighting cancer to my local butcher. The photo gives you an idea of what I did for "#PINKITUP week", and I have to say that I still like custard (although I prefer it just in my mouth rather than in every orifice!)

If you are doing something even more wacky to raise money for Candlelighters then let us know - and send us the pictures!

Stephen getting covered in custard!
for #PINKITUP week

Welcome to the team Champ!

Thanks to you we now have
our very own Candlelighters mascot!

Once you've experienced childhood cancer, you never forget, and we never forgot those we've lost. Elephants are sensitive to other's emotions and support those in their group, like Candlelighters do for all families. Elephants stay close to their group for life... like the families that are affected by cancer and supported by Candlelighters.

Jane, Winner of Mascot Idea.

Champ talks business with CEO Emily...

EMILY: Hiya Champ!

CHAMP: So I'm new here, can you tell me a little about Candlelighters?

EMILY: Well Champ, firstly, a big warm welcome to #TeamCandlelighters! We provide financial, emotional and practical support to children and families affected by childhood cancer across Yorkshire, from diagnosis and for as long as families need it. We also fund vital research to improve outcomes for children with cancer.

CHAMP: Wow that sounds amazing, how do we pay for all of this?

EMILY: We have THE most incredible supporters and fundraisers who get up to all kinds of weird and wonderful activities to raise money for us! We are so grateful for every penny raised!

CHAMP: I've already met some of our supporters and fundraisers and I agree they are all incredible! Do you have any big plans for the future?

EMILY: We want to provide EVEN MORE support to families across Yorkshire! We can't forget though Champ, that for us to be able to provide more support, we need to raise even more money!

CHAMP: I'd love to help anyway I can Emily! What's been your favourite part of the year so far?

EMILY: It has to be #PINKITUP week in June, the support we received for this new campaign was incredible! The ideas people came up with were so impressive from dressing shop windows, to swimming in pink custard (Stephen). Look out for #PINKITUP 2020!

CHAMP: I definitely want to be part of #PINKITUP next year! I think we can make it EVEN bigger and better with the help of all our wonderful fundraisers, supporters and volunteers!

EMILY: Sounds like a great plan to me Champ!

CHAMP: I'll look forward to it, well I think I'd better be going now Emily, I am out on the road across Yorkshire meeting even more amazing people who are part of the Candlelighters family.

Welcome!

DID YOU GET THEM ALL RIGHT?

£50 could fund a child who has to remain in hospital for their birthday with a birthday box!

£300 could fund a compassionate grant for a family who has lost a child to cancer.

£1000 could fund a holiday for a family to spend some much needed quality time together.

We are so grateful for your support and without it we wouldn't be able to continue to support families affected by childhood cancer across Yorkshire.

HAIRDRESSING

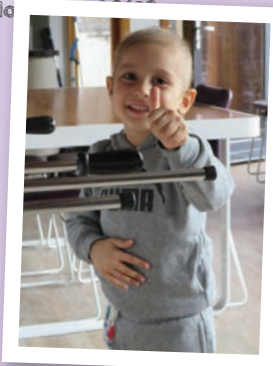

VIRTUAL YOGA

TEEN SIBLING GROUPS

For all siblings aged 13-18... to kick the day off we head out to do an exciting activity like Laser tag, Escape Room or Trampoline Park followed by a yummy lunch nearby!

What our families say...

However you are feeling, The Square is there for you... a chat with someone who understands what you are going through, a massage because you are carrying stress and anxiety, a haircut because it's hard to find the time for these things whilst your child's on treatment, an office because you need to do a bit of work while you are in hospital. Our whole family love that whenever you walk in there's a friendly face opening the door ready to make you a coffee and help take some of your worries away. We would have been truly lost without The Square.

The Cottage

67 Miles Away from Ward 31

Our son Archie, now 9 years old was diagnosed with Acute Myeloid Leukaemia (AML) mid-August 2018. He spent 7 months in Leeds General Infirmary (LGI) on the Children's Oncology & Haematology Ward 31 being treated by the lovely doctors and nurses. As Archie was receiving intense chemotherapy he only had a handful of days at home in between his four sessions.

Archie lives in a village East of Hull with mum, dad, his twin sister Connie and his little sister Alice. This was a total distance of 67 miles away from LGI so this was creating major problems for us so being the first family to be offered a room in the newly renovated Candlelighters cottage was amazing. We jumped at the chance to stay there and couldn't believe how nice it was when we were shown around. When you are living in a hospital month after month you can soon go crazy, so having use of a bright, modern, cosy, spacious house complete with all mod cons was very much appreciated. The cottage really helped us with 'Archie's Journey' as a whole. It relieved the pressure of the logistical nightmare and vastly improved our mental state.

The cottage enabled Archie's sisters to stay over at the weekend and during the school holidays so that we could be a family and have a little snippet of normality without paying ridiculous hotel fees. Grandma and Grandad alternated their stay during the week which was great as whichever parent spent the night with Archie then had the option to go to the cottage and freshen up, do some washing or catch up on some much needed sleep.

When on chemotherapy your taste buds can change daily. It didn't take long for Archie to lose interest in the hospital food provided and on the ward there was only a microwave and a fridge. When Archie was well enough we were able to do some proper cooking in the oven with some of his favourite meals and all sit around a table - the nice little things like this that you take for granted at home. It was also a very much welcomed change of scenery for us all and Archie looked forward to his time there. We played board games, completed jigsaws, plugged his Playstation in or just sprawled out on the sofas and watched TV together and it felt like home for the few hours we were there. We spent all of Christmas and New Year in Leeds General Infirmary so again having a 'nice warm home' to go to made Christmas bearable. For us as a family the Cottage was a lifeline and we are truly grateful to have been able to use this amazing facility and are very thankful for the support Candlelighters gave us throughout our hospital stay.

Andy & Tina (Archie's parents)

Since The Cottage opened in November we have had 24 families stay in our home from home accommodation, many of which have stayed there multiple times, highlighting just how essential our new facility is for our families.

day memories

Each year we invite family members to join our Day of Memories committee. This involves attending monthly meetings where we discuss decorations, activities and most importantly the poems, songs and readings which will be performed on the day. We are looking for family members to join our committee for Day of Memories 2020.

If you are interested in joining or have any queries about the committee, please email memory@candlelighters.org.uk or call The Square on 0113 887 8333.

WE GET IT

The Family Network is a project designed to provide support for families in their local area. The Network is run by families for families. The groups are based on peer support which means they are run by trained Family Network Volunteers who themselves are family members who understand what it is like to have a childhood cancer diagnosis within the family.

We currently have groups in York, Hull, Leeds and Huddersfield... and launching soon in Wakefield and Castleford.

Hull and Huddersfield are new groups to the network and we would like to invite families who are at any stage of their journey to these groups. Whether sharing stories, coping strategies or simply having some time out, Family Network Groups are a great opportunity to connect with others who 'Get it'.

Please note, as there are now a number of groups across Yorkshire, we ask that you attend the group that's most convenient / appropriate to you.

Nobody really understands what it is like to be affected by childhood cancer until it happens to you. Talking to others who have been there and "Get it" is amazing. You do not have to explain how you are feeling or make apologies or explain why you cancelled your plans. There is a general sense of understanding, it is fine to talk about how you feel equally its fine if you don't want to talk. You find that you are not alone and that how you are feeling is normal. The not sleeping, stiff and aching neck, shoulders and back are common features of others that have been affected. The constant worry about absolutely everything is normal. The fact that there are not enough hours in the day to do everything. Juggling work, school, hospital appointments, family life, whilst totally neglecting yourself. The Network is time for me to talk, unload, relax and recoup. It is time for me to be me.

MEET JULIE

CAN YOU TELL US A LITTLE ABOUT YOUR STORY?

My son Connor was on treatment for Ewings Sarcoma. Connor lost his battle in 2014 at 15 years old. I chose to have a change in career, after being a chef for 20 years and went back to university, studying Psychology and Counselling.

WHAT IS YOUR CONNECTION WITH CANDLELIGHTERS?

We first heard about Candlelighters when Connor was diagnosed. We went on two holidays, as well as visiting a Royal Air Force station at Linton-on-Ouse. In the second year of my new course, I was able to take on a placement and approached Candlelighters to see if I could do it with them. I finished that back in April but still volunteer on a Friday and I'm also a Family Network Volunteer.

HOW DID YOU KEEP POSITIVE THROUGHOUT YOUR JOURNEY?

My son Connor kept us all going, he had a really positive outlook on life and he carried that the whole way through his journey. Don't get me wrong there was a mixture of good and bad days but the good outweighed the bad. I had a good network of family and friends but no matter how much they said they understood, unless you've been in that situation, nobody really gets it. I think the Family Network is so important, for the answers to those questions that can only be answered by someone who has been there, bought the t-shirt and read the book.

WHY DID YOU WANT TO BECOME A FAMILY NETWORK VOLUNTEER?

Families facing childhood cancer are unfortunately in the same boat and although no two journeys are the same, we all share similar worries, concerns, low and high points. People now have an opportunity to speak to their peers and hopefully we will be able to make their journey that bit easier, like Candlelighters does for us all.

MEET TRACEY

CAN YOU TELL US A LITTLE ABOUT YOUR STORY?

Six years ago, my son was diagnosed with Rhabdomyosarcoma at the age of 15.

WHAT IS YOUR CONNECTION WITH CANDLELIGHTERS?

Candlelighters were there from day one, providing help and support. Often it's the small things that are hardly noticed like daily sweets and treats, Sunday lunch and a friendly smile. As time went on, I realised Candlelighters do so much more, such as funding hospital wards, staff and research as well as supporting families through the difficult times.

HOW DID YOU KEEP POSITIVE THROUGHOUT YOUR JOURNEY?

I maintained a positive outlook throughout my journey because of my son's personality, humour and never stop fighting attitude. Knowing I had the support and assistance from family and friends but also the excellent staff at Leeds Children's Hospital and St James Bexley and while all the time, Candlelighters were there to support not only my son, but the whole family and people affected.

CAN YOU TELL US A LITTLE ABOUT YOUR STORY?

Our journey took us to America and London for specialist treatment as well as in Leeds and at times, it was a lonely journey as we did not have anybody who 'understood' to talk to. This is why I volunteered to be a Family Network Volunteer, so I can be there to offer an understanding ear to all families who are or have gone through a similar tough journey.

The Candlelighters Family Network is where families and past patients give peer support to others who are facing their own cancer journey

We need you - would you like to become a Family Network Volunteer?

Do you live in Harrogate, Leeds, Skipton or the East Coast area?

Could you facilitate four groups a year, attend a one day training course and attend four Working Group meetings a year.

We are seeking family members who are either post treatment or sadly bereaved.

Be a part of our Family Network. A fantastic opportunity to meet and support other families living in your local area who may be on a similar journey to you.

If you are interested in becoming a Family Network Volunteer please email Carly at carly.tordoff@candlelighters.org.uk

REGULAR GIVING

Candlelighters would like to say a heartfelt thank you to everyone who makes a regular monthly donation. Regular donations help us to plan ahead and invest in the future of Candlelighters. However small, a regular donation makes a huge difference to us.

For example, last financial year, together our regular donors raised nearly £29,000. This could fund the running costs for the Candlelighters Cottage for an entire year!

If you are considering making a regular donation to support Candlelighters to continue our vital work, and plan for the future we would love to have you on board. You can contact us on 0113 322 9283 or email info@candlelighters.org.uk for general information and friendly advice on how to set up your donation via Payroll Giving, standing order or direct debit.

You can make a difference for children and families affected by childhood cancer in Yorkshire today.

Buy your Christmas cards and gifts from Candlelighters and support children with cancer in Yorkshire.

We have a fantastic selection of cards, gifts and even virtual gifts at <https://www.candlelighters.org.uk/products/virtual-gifts>

We're not just pink

We're GREEN too!

Here at Candlelighters we love pink but did you know our charity colours are pink and green and we are striving to be as GREEN as possible!

2019 has seen the beginning of a new team - our very own Green Team. The purpose of the team is to implement changes to make Candlelighters more environmentally friendly and to work towards reducing any type of pollution we create - and that is exactly what we have been busy doing!

The team was formulated after changes had already been made with the environment in mind. This year was the first year we stopped releasing balloons at Day of Memories and made the amazing change to bubble art. Balloon releases have held a special place at Day of Memories and we didn't want to lose this lovely sentiment so we wanted to think of something that could match this moment. At first we were unsure about this change but we received amazing feedback from our families!

For the first time earlier this year this newsletter was sent out in recycled envelopes, not plastic packaging. We are also looking into having a digital option for our newsletter in the future.

We have moved on from the use of plastic water bottles at The Square. Now after a relaxing wellbeing session at The Square you will be offered a glass of cold water from our kilner jar. This small change has made a big impact on our plastic use and cut costs!

In addition, we have made a number of small but easy changes like defaulting to double sided printing, reminding people to turn off lights, promoting car sharing and not boiling more water than needed for brews.

With all these changes we also have cost reduction in mind. By making little changes we can save money and therefore the money raised by YOU can go further in supporting our families.

The team has only just been formed but we have lots of ideas for the future. Watch this greenspace!

Volunteer with us!

Volunteers help us in so many ways; find out about some of the different ways here.

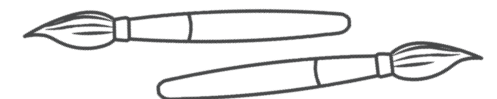

TRUSTEE

Using their professional and personal experience to represent other families or medical experts' views on our Trustee Board, planning the future of the charity.

PHOTOGRAPHER

Capturing the amazing efforts of our supporters, volunteers and staff or maybe families having a great time at many of our events.

FAMILY EVENT VOLUNTEER

Helping our Family Events run smoothly, making tea, playing games, doing crafts and chatting with families.

FRONT OF HOUSE VOLUNTEER

Welcoming families to our family support centre: The Square, helping to book treatments and just being a friendly face at our family support centre.

CHEERER

Cheering our supporters on at challenge events to give them that extra push to carry on walking, running, cycling on to the finish line.

OTHER WAYS

We're always looking at new ways where people might be able to help us and our families. We also have people approach us offering their own specialities, skills and experience. If you think this could be you, please get in touch.

So many incredible teams take on the huge challenge of the Yorkshire 3 Peaks!

September is... Childhood Cancer Awareness Month

If you would like to make a donation to support CCAM please text CANDLE001 to 70970 to donate £5

What is CCAM?

Childhood Cancer Awareness Month takes place in September each year.

At Candlelighters, along with many other children's cancer charities, we mark CCAM each year to help increase the awareness of childhood cancer, as well as the work we do and the support we offer to families across Yorkshire.

Did you know? The internationally recognised symbol for childhood cancer is the gold ribbon.

Signs & symptoms

Cancer symptoms can be very similar to those of other illnesses and they vary between children. The following symptoms are not usually cancer, but it's always worth a visit to your doctor if your child has any of these...

- C**ontinued, unexplained weight loss
- H**eadaches, often with early morning vomiting
- I**ncreased swelling or persistent pain in the bones, joints, back or legs
- L**ump or mass, especially in the abdomen, neck, chest, pelvis or armpits
- D**evelopment of excessive bruising, bleeding or rash
- C**onstant, frequent, or persistent infections
- A** whitish colour behind the pupil
- N**ausea that persists or vomiting without nausea
- C**onstant tiredness or noticeable paleness
- E**ye or vision changes that occur suddenly or persist
- R**ecurring or persistent fevers of unknown origin

Go with your gut instinct, if your child does not seem right, persist and seek advice from the professionals. As a parent you are the expert on your child. You know when something is wrong.

Roles we Fund!

NAME: Tracy West

ROLE: Outreach Play Specialist

WHAT DO YOU DO? I work with children, siblings and families with a cancer diagnosis that are identified as needing additional play support within their own home. This may be to help work through some anxieties around a procedure or diagnosis, any difficulties and adjusting to life at the end of treatment. I work on memory making with palliative patients and provide support for siblings pre and post bereavement.

WHAT DO YOU LIKE ABOUT YOUR ROLE? Everything, I am so lucky and privileged to be welcomed into our family's homes at such a difficult time and to be part of their journey is a real honour. I often go into schools to work with siblings and this is so nice and a real pleasure too. You really get to know the families so well and they are remarkable. Seeing the benefits from the play support provided makes me very proud. And making sure the sessions are fun too.

FUN FACT ABOUT YOUR TIME AT CANDLELIGHTERS: The siblings nicknamed me 'T Dog' from our first residential!

NAME: Mark Sloan

ROLE: Advanced Nurse Practitioner

At the moment we fund two of the Advanced Nurse Practitioners on the Oncology and Haematology units at Leeds Children's Hospital. Our Advanced Nurse Practitioners (ANPs) are highly experienced and educated nurses who are able to assess, investigate, diagnose, and prescribe. They manage the complete clinical care for patients on our oncology and haematology units at Leeds Children's Hospital.

NAME: Dalvir Jakku

ROLE: Social Worker

WHAT DO YOU DO? As a social worker, my role encompasses a variety of methods of support. Most people think my role is just about helping families apply for benefits and money, but I also provide emotional support. I am essentially an advocate for them, as I ensure they get answers.

WHAT MEMBERS OF THE FAMILY DOES YOUR SUPPORT REACH? Everyone. The support is generally concentrated on parents, but we offer a service to siblings as well. There are often, depending on the family, aunts and uncles and grandparents too. We are looking to help whoever is associated with the child.

You can find Dalvir over on the oncology and haematology units over at Leeds Children's Hospital as well as at St James's where Dalvir works with our families who are having radiotherapy treatment. Dalvir is a familiar face at The Square and also volunteers at some of our family events.

We also fund...

Paediatric Radiographer

3 Play Leaders

Dinner Lady

Youth Worker

We also fund many roles surrounding Research. Stay tuned to our social media channels to find out more about who and what we fund!

You turned Yorkshire PINK!

#PINKITUP week was AMAZINGLY PINK!

This June, we launched our #PINKITUP campaign, where many of our supporters, partners and families helped us turn Yorkshire PINK to raise funds and awareness for families affected by childhood cancer.

Whether you wore pink, hosted a pink party or bake sale, wore pink socks or a tie to work or school, popped on your pink marigolds around the house or simply took a photo of yourself in PINK, your very pink fundraising and fun goes towards making a huge difference!

Staff from across the Oncology and Haematology wards joined in the pink fun!
#TeamWorkMakesTheDreamWork

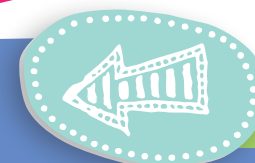

Marples Sweet Shop in Horsforth pinked-up their window as well as many other shops across the region.
