

Champ's Business Benefits

Members of Champ's Champions target themselves to fundraise or donate £2000 or more over the course of a year.

This incredible amount could enable 5 children to receive a course of talking therapy sessions to help them come to terms with their cancer diagnosis and work through their feelings, worries and anxieties.

"It's only in recent months we have started to see the effects Evie's journey has had on her mental health. She's doing very well in articulating her feelings and anxieties, but that's not without tantrums and meltdowns. Of late, memories of her time in the intensive care unit were triggered by a smell she associated with her time up there. The support we receive from Candlelighters is amazing and we are so grateful." - Katy, Evie's mum
